Technical Skills

Languages   Java · HTML/CSS · JavaScript · SQL ·
Dev Tools   VisualStudioCode · Oracle · Git · Jenkins ·

Relevant Courses

Computer Programming - CMPP269, CMPS253, CPRG250 CPRG251 CPRG256

Technologies used: Eclipse

- Developed strong problem-solving techniques, overview of software design methodology, programming language terminology, and an introduction to the differences between varying styles of languages
- Created and implemented applications using an industry-standard programming language for both mobile and desktop platforms
- Created databases for physical models, DML commands, and wrote SQL queries

Introduction to Networking - CPNT220

Technologies used: Cisco Packet Tracer, Wireshark

- Learned the network terminology, devices, standards, and different networking protocols
- Gained a practical understanding of how networks operate and how to build small networks using different network devices and implement Internet Protocol (IP)

Computer Hardware and Operating System Essential - CMPH211

Technologies used: PowerShell, VMware, Parallel, Zendesk, Windows OS, Linux, MacOS

- Learned how to perform the installation and configuration of a variety of operating systems, explored troubleshooting techniques to diagnose hardware and software problems, configured systems, and replaced defective sub-systems
- Developed a strong foundation in applications, backup, and security processes

Professional Communication and Presentation Skills - COMM256

Technologies used: Microsoft Office (Word, PowerPoint, Excel, Outlook, Teams)

- Established a strong understanding of strategies and skills required for effective communication in a professional environment
- Advanced writing and presentation skills for technical documents, reports, and presentations produced in relevant industry settings

Education

Southern Alberta Institute of Technology
Information Technology - Software Development, 3.7 GPA

Calgary, Canada
May 2022 - Present

University of Calgary
Bachelor of Arts in Economics with Business Minor, 3.3 GPA

Calgary, Canada
Sept 2017 - Apr 2022

Awards and Scholarships

Alberta Advanced Education and Technology Award

Aug 2022

Jason Lang Scholarship

Sept 2020 - Sept 2021
